TOILET REFURBISHMENT & RECONFIGURATION

KEY BENEFITS

- Turnkey project
- Local labour
- Fast turnaround

DURATION

July 2020 - Aug 2020

Works were completed in a live environment, on time and on budget by an experienced team who operated in accordance with our stringent COVID-19 protocol for the safety and wellbeing of all"

Overview

Works involved the removal of all existing facilities for male and female toilets and the installation of all new toilets, cubicles, wash basins and radiators.

Electrical rewiring was completed to include all lighting with PIR sensors and hand driers.

All flooring and tiling was replaced with cap and cove flooring, suspended ceilings installed and decoration undertaken throughout with a Whiterock finish to the walls. Works were carried out by a team comprising specialist fitters, electricians and plumbers, completed in a live environment, on time and on budget.
