

MORGAN CLARK

RESIDENTIAL REBUILD FOLLOWING FIRE DAMAGE

KEY BENEFITS

- Single contractor
- Speed of delivery
- Local supply chain

DURATION

Feb 2017 - Sept 2017

Overview

Following extensive fire damage and near total destruction of a relatively new 4 bedroom detached residential property near Hereford, we were appointed by Morgan Clark Loss Assessors to undertake the complete rebuild of this house.

Acting as main contractor, we delivered all works including ground works, an insulated timber frame structure with brickwork to external walls and a natural slate roof. Internally we undertook all stud work, partitioning and plastering as well as all plumbing and electrical rewiring. Kitchens and bathrooms were fitted, as well as all woodwork, internal doors and staircase. Once complete we completed all internal flooring, to include tiling and carpets. Externally we decorated and completed landscaping to include decking, paving, lawn and driveway.

Works were delivered on time, to budget and to the complete satisfaction of both Morgan Clark and the homeowners.

“As well as works being delivered on time, to budget and to the complete satisfaction of both Morgan Clark and the homeowners, we ensured that we were considerate to neighbouring properties and caused minimal disruption”
